## FEES AND BILLING

Dear Sir/Madam

I am recognised and fee-assured by the major private medical insurers, including: Allianz, APRIL, Aviva, AXA Health, Bupa, Bupa Global/International, Cigna Global, CS, Freedom, Healix, National Friendly, Saga, The Exeter, Vitality and WPA.

**Consultation fees** - Initial consultation: £250, Follow-up consultation: £175. If a procedure is performed during your appointment, such as nasendoscopy or otomicroscopy, the hospital or clinic will charge an additional facility fee to you or your insurer directly.

**Investigations** - Following your consultation, you may require investigations such as blood tests or scans. These are charged separately by the hospital, either to you or your insurer directly. I have no financial interests in any hospitals, clinics or equipment brands.

**Billing and payment** - Bills are raised by Civica Medical Billing and Collection, Connery House, Repton Place, Amersham, Buckinghamshire, HP7 9LP (tel. +44 (0)1494 763 999).

Payment can be made online at [payments.medbc.co.uk](https://payments.medbc.co.uk)

If someone else will be paying your bill, please share this letter with them. Please note that you remain responsible for payment if your insurer or a third party do not settle the account.

**Cancellations** - Please let us know if you need to cancel.

Yours faithfully

Jonathan Bernstein MD FRCS  
Consultant in Otolaryngology - Head and Neck Surgery  
Imperial College Healthcare, London
